

System requirements

Operating systems*

Windows® 7, 8, 8.1, 10 (32/64 Bit)

Windows® Server 2008 (32/64 Bit)

Windows® Server 2008 R2, 2012, 2012 R2, 2016, 2019

All listed server operating systems can also be used as a terminal server

* No warranty after the end of the mainstream support by Microsoft.

More information: <https://support.microsoft.com/en-us/lifecycle/search>

Hardware

Processor: min. 1 GHz (2 GHz or better recommended)

Working memory: min. 2 GB RAM (4 GB or more recommended)

Hard disk capacity (SSD recommended):

for viflow: 1 GB free;

for Microsoft® Visio (if not already installed): 1.5 GB free

Monitor resolution: min. 1024 x 768 (1280 x 800 or more recommended)

Software

Microsoft® Visio (32 bit) Version 2013 SP1, 2016 or 2019

Hint:

The use of Office 365 (Click-To-Run) requires the use of Visio from the Office 365 family to operate viflow. A combination of Office 365 (Click-To-Run) with a Visio CD/DVD installation is not executable.
