

## BPMN-Stencil for viflow 6

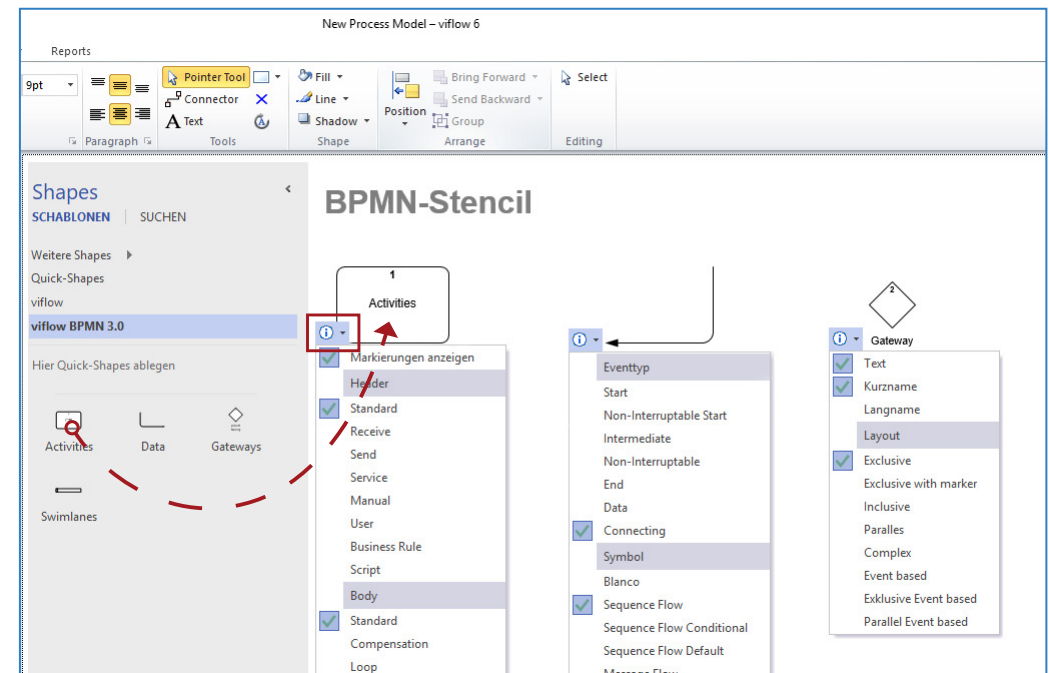

### Setup:

To use the BPMN-Stencil in viflow 6, simply download it, save it at a location of your choice and integrate it into viflow as an "Additional stencil". Open viflow and click under **File** -> **Options** on **Process Graphic**. Under **Additional stencil**, select the BPMN template and confirm with **OK**.

### Usage:

To use the template in viflow, simply Drag-and-Drop the desired shape from the stencil onto the sheet. Here you can select the required values for activities, data and gateways via the -button.
